- 7° EAST Premium hotspot for sub-Saharan Africa.
- EUTELSAT 7B & 7C form a new hotspot at 7° East for audiences in Sub-Saharan Africa and is a key Free to Air and pay-TV neighbourhood for Eastern and Southern Africa with the fastest growth rates in the region.

It's time to be seen.

The world is changing more rapidly than ever, and it calls for better visibility. iSAT Africa helps to get your channel to 2million homes on E7 degrees through a unique, hassle-free, and enriching experience.

If you're wondering where to start, then we are right here to assist. We will pick up your TV channel from the studio, internet, or satellite downlink. And, our team of experts will work hand in hand with you to monitor the signal quality and to enhance the performance.

If your desired option is internet, you can send the stream to our POP in Africa or Europe. We will also provide you a fully managed IP-Box to get the stream from your studio to our teleport.

We believe in seizing every second. And, that's why we take quick actions when it comes to service. How long you should wait to reach your audiences? Don't worry, it's faster than you think. All we need is your TV channel to be streamed to one of our POPs in South Africa, Kenya, Tanzania, or Europe. Let's get started!
